

Texas Division of Emergency Management State Situation Report

New Information in Blue Text

Event Name	24-0011 08APR Severe Weather
Date	May 5, 2024
Time	10:00 AM
Operational Period	8:00 AM May 4 to 8:00 AM May 5, 2024
Report Number	26

Regions Affected

TDEM Regions Affected	3 and 4
DDs Active	None

STATEWIDE CURRENT SITUATION: On May 2, Governor Abbott announced that the U.S. Small Business Administration (SBA) approved his request for a disaster declaration in Texas communities affected by severe weather and flooding early last month. Texas counties included in the declaration are Angelina, Hardin, Jasper, Newton, Orange, Sabine, San Augustine, and Tyler counties.

On April 29, Governor Abbott announced that he has requested a disaster declaration from the SBA for Texas communities affected by severe storms and flooding that began on April 8. If approved, the SBA declaration would make federal assistance available in the form of disaster loans for Jasper County and its contiguous counties.

On April 25, TDEM announced that the agency has requested officials from the SBA join local and state partners in conducting joint preliminary damage assessments in East Texas communities impacted by recent severe storms and flooding to determine if Texas meets the threshold for additional federal disaster assistance.

On April 15, Governor Abbott issued a disaster declaration for the severe storms and flooding in East Texas, including Hardin, Jasper, Jefferson, Newton, Panola, Shelby, and Tyler Counties.

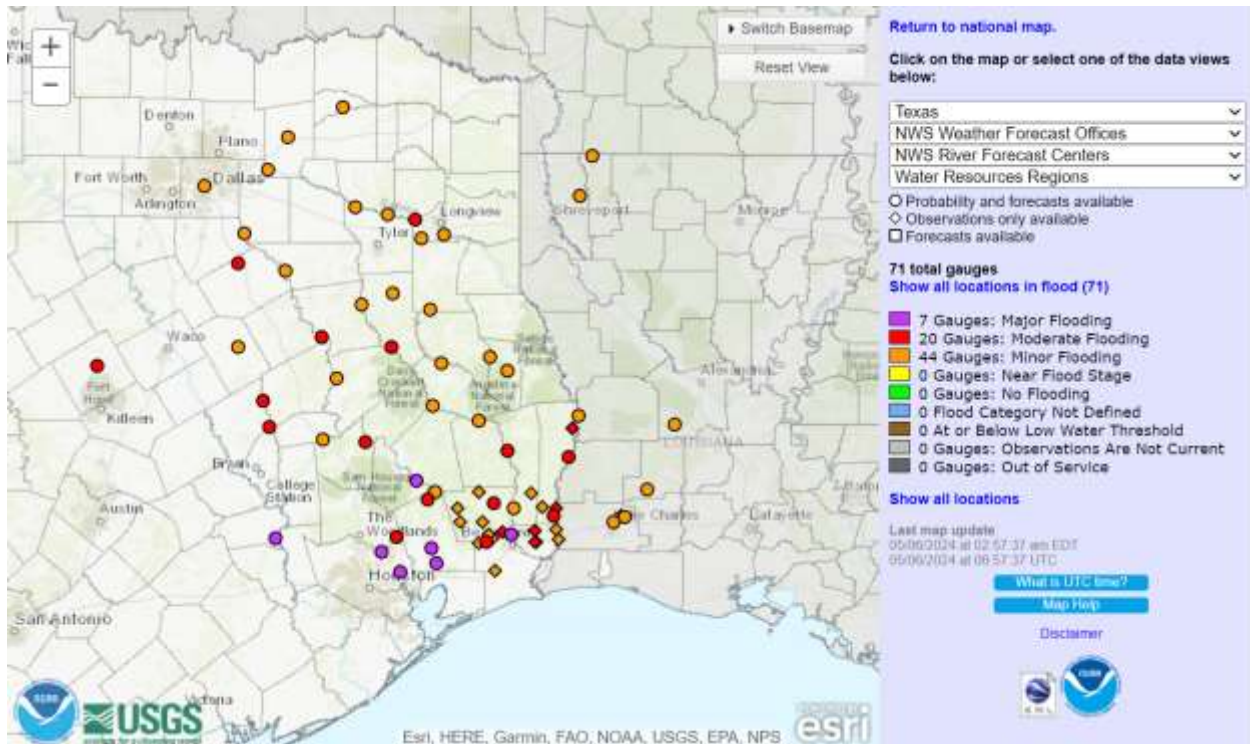

On April 9, Governor Abbott directed TDEM to deploy additional state emergency response resources ahead of severe storms and flash flooding, including large hail and tornadoes, expected to move across Texas.

The Governor directed TDEM to mobilize state emergency response resources and increase the readiness level of the State Emergency Operations Center to Level II (Escalated Response) in preparation for severe weather.

OPERATIONAL PRIORITIES:

1. Protect life and property.
2. Support rapid & effective response.
3. Collect and disseminate accurate incident information to improve decision-making.
4. Accurately track incident costs associated with assigned resources for cost recovery.

NWS Flood Gauges: as of 02:00 AM, May 6.
