**STATEWIDE CURRENT SITUATION:** On May 23, Governor Abbott announced that President Joe Biden amended the Presidential Disaster Declaration for Texas counties impacted by severe weather and flooding that began on April 26.

This partial approval authorizes all categories of work under the Federal Emergency Management Agency (FEMA) Public Assistance program for seven designated counties to utilize grant funding for emergency work and repair or replacement of disaster-damaged public infrastructure.

The counties eligible for FEMA's Public Assistance program include Harris, Liberty, Montgomery, Polk, San Jacinto, Trinity, and Walker Counties. The Governor's request for 21 additional counties for FEMA's Public Assistance program remains under review.

Additionally, FEMA has approved the request from the State of Texas to add additional counties to the Presidential Disaster Declaration, granting eligibility for FEMA's Individual Assistance programs for those counties. Counties approved for Individual Assistance programs now include Calhoun, Eastland, Guadalupe, Hardin, Harris, Jasper, Jones, Lamar, Liberty, Montgomery, Polk, San Jacinto, Trinity, Walker, and Waller Counties.

On May 22, Governor Greg Abbott announced that he has added Calhoun, Delta, Jones, and Lamar counties to the state's disaster declaration for counties impacted

by severe storms and flooding that began on April 26. Additional counties may be added as damage assessments are completed.

At the Governor's direction and following a review of damage assessments in additional impacted communities which show they exceed federal criteria for disaster assistance, Texas Emergency Management (TDEM) Chief Nim Kidd has requested the addition of six counties to become eligible for FEMA Individual Assistance programs. Those additional counties include Austin, Ellis, Kaufman, Navarro, Newton, and Tyler. FEMA's Individual Assistance program funding assists with expenses such as temporary housing, emergency home repairs, uninsured and underinsured personal property losses, disaster legal services, disaster unemployment assistance, and medical, dental, and funeral expenses caused by the disaster.

On May 20, Governor Abbott amended the disaster proclamation for severe storms and flooding to include Calhoun, Delta, Jones, and Lamar Counties.

On May 19, Governor Abbott directed the Texas Division of Emergency Management (TDEM) to request additional counties be added to the Presidential Disaster Declaration for severe weather and flooding that began on April 26.

At the Governor's direction and following a review of damage assessments in additional impacted communities which show they exceed federal criteria for disaster assistance, Texas Emergency Management Chief Nim Kidd has requested the addition of eight counties to become eligible for Federal Emergency Management Agency (FEMA) Individual Assistance programs. Those additional counties include Calhoun, Eastland, Guadalupe, Hardin, Jasper, Jones, Lamar, and Waller.

Additionally, at the direction of the Governor, Chief Kidd has requested that Harris County become eligible for FEMA's Public Assistance program.

Additional counties may be added to the Governor's request as additional damage assessments are completed in affected communities.
