**Key Messages**

- **Extreme Cold Warning** is in effect until noon today.
- Winds will decrease today with NE winds of 5-10 mph.
- Wind chill values may return to below zero tonight.

**Impacts**

- Extended exposure to these conditions could cause frostbite and/or hypothermia.
- Prolonged period of cold temperatures may lead to frozen/burst pipes.

National Weather Service | Norman, Oklahoma  @NWSNorman |  weather.gov/norman

Despite diminishing wind speeds this morning, wind chill values remain as low as -10 to -15 degrees this morning. As temperatures warm, these values will increase to above zero today. The Extreme Cold Warning remains in effect until noon today and a few areas may see sub-zero wind chills again tonight.
