STATEWIDE CURRENT SITUATION: On April 9, Governor Abbott announced that he directed the Texas Division of Emergency Management (TDEM) to request that officials from the U.S. Small Business Administration (SBA) join state and local partners in conducting joint preliminary damage assessments in Northeast Texas communities impacted by recent severe storms. These assessments will help determine whether Texas meets the federal thresholds for disaster assistance.

On April 4, Governor Abbott directed TDEM to activate additional state emergency response resources ahead of increased threats of severe weather and flash flooding in large portions of the state beginning today through the weekend, as well as snow potential in the Panhandle.

OPERATIONAL PRIORITIES:

1. Protect life and property.
2. Support rapid & effective response.
3. Collect and disseminate accurate incident information to improve decision-making.
4. Accurately track incident costs associated with assigned resources for cost recovery.

RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas A&M Engineering Extension Service Texas Task Force 1 (TEEX/TX-TF1) & Texas Task Force 2 (TEEX/TX-TF2): On April 2, TX-TF1 deployed four Swift Water Rescue boat squads and one Type 3 Urban Search and Rescue (USAR). TX-TF2 also activated a Type 3 Water-Capable USAR team.

On April 4, two boat squads assisted local authorities with vehicle rescues from flooded roadways, the only service calls received that day. As of April 5, three boat squads have been repositioned, while all other resources remain at their current locations. TX-TF teams have successfully completed two rescue operations.

Texas Department of Transportation (TxDOT): TxDOT crews and emergency staff are rostered and prepared to respond statewide. Crews continue clearing debris, managing drainage, repairing damaged roadways, and providing traffic control. Several additional roadways across the Rio Grande Valley and northern regions of the state were impacted by floodwater. Amarillo had 56 roadway locations impacted by ice and snow conditions. The Texas A&M Forest Service (TAMFS) provided a motor grader to assist in clearing snow from both eastbound and westbound I-40, west of Amarillo.

Texas Parks and Wildlife Department (TPWD): On April 6, Texas Game Wardens in Van Zandt County assisted local first responders in rescuing an individual from a vehicle swept into a rushing creek. In Cass County, Game Wardens successfully evacuated two occupants from a vehicle stranded in high water. All TPWD resources have been released from the response. TPWD teams conducted one rescue, evacuated seven individuals, and assisted with the evacuation of one pet.

Texas Emergency Medical Task Force (EMTF): EMTF assets currently activated in support of the severe weather response include: one SWX Package with an Ambulance Strike Team (AST) in Cameron County, one MIST deployed to the RELLIS campus in Brazos County, and one SWX Package at Hensley Field in Dallas County. As of April 5, EMTF 2 and 7 are on awareness, while SWX Packages EMTF 4 and 6 are on standby.

Texas Military Department (TMD): TMD activated multiple resources in support of TDEM for incidents including two Winter Weather Mission Ready Packages (MRPs) staged in Lubbock and Abilene, and four Ground Transport Platoon MRPs positioned in Corsicana, Huntsville, and the Houston area. One Liaison Officer MRP was assigned to the Texas A&M RELLIS Campus. A SOC Support Team was active in Austin.

Volunteer Organizations Active in Disasters (VOAD):

American Red Cross (ARC): ARC continues to support one shelter with five occupants and is conducting damage assessments in Bowie County.

Texans On Mission (TXM): In response to the spring storms and the Lone Star Tornado, TXM deployed local teams to assist with clearing tree debris from homes. Two additional chainsaw/HE teams arrived at Lakeview Assembly Camp to begin operations at the camp and surrounding areas, with a site coordinator on location to oversee efforts. To date, TXM has completed five chainsaw jobs and logged 50 hours of heavy equipment operation.
