

Texas Division of Emergency Management State Situation Report

New Information is in Blue Text

Event Name	26-0019 12JUL Severe Weather
Date	August 4, 2026
Time	10:00 AM
Operational Period	8:00 AM August 3, 2026, to 8:00 AM August 4, 2026
Report Number	23

TDEM Regions Affected	1, 5, 6, 7, & 8
Disaster Districts Activated	N/A

STATEWIDE CURRENT SITUATION: The Texas State Emergency Operations Center remains activated at Level II (Escalated Response) to support local flood response operations as flood threats continue across South Texas and recovery efforts remain ongoing across Southwest and South-Central Texas. Personnel continue to coordinate requests from local officials for the appropriate phase of the disaster. Recovery staff continues to provide cleanup assistance, and personnel are connecting affected Texans with available resources. Staff across the state continue to encourage impacted individuals to report damage online at damage.tdem.texas.gov.

On August 3, Governor Greg Abbott announced that the Texas Health and Human Services Commission (HHSC) received federal approval to extend the deadline for Supplemental Nutrition Assistance Program (SNAP) recipients to apply for replacement benefits for food lost or destroyed during July's severe weather and flooding. HHSC also received approval to add two additional counties to the assistance list.

On July 24, Gov. Abbott visited Cotulla to assess flood damage and provided an update on the state's response to the recent severe flooding. During the visit, he credited local officials, first responders, volunteers, and residents for their swift actions, saying their efforts helped save lives. Additionally, Texas requested the addition of 30 counties to its Major Disaster Declaration request for FEMA Individual Assistance.

On July 22, Governor Greg Abbott announced that the Texas Health and Human Services Commission (HHSC) received federal approval to extend the time Supplemental Nutrition Assistance Program (SNAP) recipients can apply for replacement benefits for food lost or destroyed by recent flooding.

On July 20, Gov. Abbott surveyed flood-damaged communities by helicopter, then provided an update during a press conference in Kerrville on Texas' ongoing response to severe floods that impacted large parts of the state last week.

On July 17, Gov. Abbott requested a Presidential Disaster Declaration to support Texas' ongoing response and recovery efforts following severe weather and flooding impacting communities across the state. Gov. Abbott also visited Uvalde County to receive updates on flood conditions, survey damage, and meet with state and local officials coordinating the local response. This was followed by the Governor holding a press conference in the City of Uvalde.

On July 16, Gov. Abbott held a severe weather briefing and press conference at the State Operations Center in Austin to provide an update on the state's ongoing response to flooding across Texas. Response efforts continue while coordinating with local partners to provide assistance where it is needed most.

On July 14, Gov. Abbott issued a disaster declaration for 59 Texas counties as severe storms continue to threaten the state. Additional counties may be added as conditions warrant. The Governor also directed the Texas State Emergency Operations Center (SOC) to continue 24-hour operations at Level II (Escalated Response) to support the state's ongoing response to severe storms and flash flooding.

On July 12, Gov. Abbott directed the Texas Division of Emergency Management (TDEM) to activate state emergency response resources ahead of severe weather and flash flooding threats expected to impact multiple regions of Texas over the next several days.

Visit [DriveTexas.org](https://www.drive-texas.org) for real-time road conditions, find comprehensive severe weather information at [TexasReady.gov](https://www.texasready.gov), locate flood information online at [TexasFlood.org](https://www.texasflood.org), and access all-hazards preparedness tips at tdem.texas.gov/prepare.

OPERATIONAL PRIORITIES:

- Protect life and property.
- Support rapid & effective response.
- Collect and disseminate accurate incident information to improve decision-making.
- Accurately track incident costs associated with assigned resources for cost recovery.

Region 1 (Includes Disaster District (DD) 1, 2, and 7)

As of July 28, Region 1 had one staff member deployed to assist with severe weather and had a total of 14 members deployed to support the State of Texas and TDEM Regions 5, 6, 7, and 8.

DD 1 – Amarillo (Includes Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler Counties): DDEOC 1 remains activated to Level III (Increased Readiness Conditions) for severe weather.

DD 2 – Lubbock (Includes Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, King, Lamb, Lubbock, Lynn, Motley, Terry, and Yoakum Counties): DDEOC 2 remains activated to Level III (Increased Readiness Conditions) for severe weather. DDEOC 2 is monitoring the weather for heat-related advisories and warnings to ensure district safety.

DD 7 – Abilene (Includes Brown, Callahan, Coleman, Comanche, Eastland, Fisher, Haskell, Jones, Kent, Knox, Mitchell, Nolan, Runnels, Scurry, Shackelford, Stephens, Stonewall, Throckmorton, and Taylor Counties): DDEOC 7 remains activated to Level III (Increased Readiness Conditions) for severe weather. DDEOC 7 is monitoring the weather for heat-related advisories and warnings to ensure district safety.

Region 5 (Includes DDs 19-21)

Region 5 continues recovery and response operations. State and mutual aid resources remain deployed to support affected counties. As of [August 3](#), per the West Gulf River Forecast Center (WGRFC), the Nueces River is shown as Major Flooding Occurring or Forecasted in Live Oak County.

As of [August 3](#), per Water Data of Texas, Lake Corpus Christi is [59%](#) full at 7:00 pm.

As of [August 3](#), [WGRFC is projecting the river gauge near Three Rivers to be out of major flood stage early Tuesday morning, August 4. No releases from Wesley Seale Dam are predicted.](#)

TDEM field staff continue to meet with local officials across counties in the Region to emphasize the importance of coordinated communication, information flow, and messaging.

Situational awareness has also been established with the U.S. Coast Guard in Corpus Christi.

TDEM personnel continue to assist local partners with messaging coordination, tracking local resources and costs, and advanced planning for potential needs related to damage assessments, debris management, and recovery operations.

TDEM staff and All Hazards Incident Management Team (AHIMT) personnel continue to plan for and assess flood operations, including land, water, and aerial resources, and are postured to support local jurisdictions with requested needs.

As of [August 3](#), three AHIMT Task Forces are covering the following areas: one North Team covers the Three Rivers to the Nueces River at HWY 59, two South Teams are covering from Highway 59 in George West to Lake Corpus Christi, and two Air Assets are staged in Beeville, Texas. A Public Information Officer (PIO) assigned to the IMT continues to assist local jurisdictions with messaging efforts.

[On August 3, the Mayor of the City of Three Rivers submitted a Mayoral Disaster Declaration due to Public Health and Safety due to flooding. A boil water notice has been issued for Three Rivers.](#)

As of [August 3](#), the AHIMT and partners in Live Oak County continue to prepare for response and recovery in the area of operations, closely monitoring river levels utilizing reported river gauges and direct area support from Texas Intrastate Fire Mutual Aid System (TIFMAS) teams. A Medical Incident Support Team (MIST) unit is embedded with county dispatch daily to assist the county and maintain situational awareness.

[On August 3, the AHIMT provided coverage for Medical Services for the City of Three Rivers while local units were on the scene of a fatality accident.](#)

[As of August 3](#), the Incident Support Task Force (ISTF) continues to support the Emergency Operations Center (EOC) in Live Oak County and will transition to recovery, debris management, damage assessments, DAC support, and mass care when it is practical as river levels recede.

As of August 3, Live Oak County Emergency Management's Voluntary Evacuation for the River Creek Acre subdivision is still active.

As of [August 3](#), County Road (CR) 438 in the Simmons Community area, CR 369 and CR 380 in George West, CR 365 in Gamble Gully, CR 202, and CR 203 are closed due to flooding.

As of July 31, the Live Oak County Fairgrounds are set up to manage livestock that needs to be evacuated, and the auction barn serves as overflow.

As of July 29, a shelter managed by the American Red Cross (ARC) is open at the George West Junior High School Gymnasium.

DDEOC 20 continues to coordinate with local, state, and federal personnel to identify potential needs. Additionally, TDEM has coordinated aerial assets to support the Live Oak County Judge and Local Officials to observe conditions.

DD 20 – Corpus Christi (Includes Aransas, Bee, Brooks, Duval, Jim Wells, Kenedy, Kleberg, Live Oak, Nueces, Refugio, and San Patricio Counties): DDEOC 20 remains activated to Level III (Increased Readiness Conditions).

Region 6 (Includes DDs 17, 18, and 24):

The Regional Emergency Operations Center (REOC) 6 maintains a Level IV (Normal Conditions) status. Region 6 continues recovery and response operations along with coordinated efforts with the TDEM HQ Recovery Section. Overall, personnel remain focused on supporting survivors, strengthening local recovery partnerships, and

preparing communities for the next phase of recovery.

Individual State of Texas Assistance Tool (iSTAT) assessments have been completed for the following counties within Region 6: Bandera, Comal, Dimmit, Gillespie, Kendall, Kerr, Kinney, La Salle, Maverick, McMullen, Real, Val Verde, and Zavala. Texans are encouraged to report damage to homes and businesses to inform officials of outstanding damage.

Public State of Texas Assistance Tool (pSTAT) has been completed for Bandera, Bexar, Dimmit, Gillespie, Kendall, Kerr, Kinney, La Salle, Maverick, McMullen, Real, Uvalde, and Val Verde Counties. Assessments are ongoing for Comal and Guadalupe Counties.

The following counties have met their thresholds for public assistance within the Region: Bandera, Dimmit, Gillespie, Kendall, Kerr, Kinney, La Salle, Maverick, McMullen, Real, Uvalde, Val Verde, and Zavala.

DD 18 – San Antonio (Includes Atascosa, Bandera, Bexar, Comal, Frio, Gillespie, Guadalupe, Karnes, Kendall, Kerr, McMullen, Medina, and Wilson Counties): DDEOC 18 maintains a Level IV (Normal Conditions) status. Damage assessments are ongoing for homes, businesses, public facilities, and infrastructure. Response efforts are transitioning to recovery operations.

Bexar County: Bexar County EOC maintains Level IV (Normal Conditions) status. As of August 4, the recovery team at Fair Oaks Ranch [continues](#) conducting Damage Assessments.

Gillespie County: Gillespie County maintains Level IV (Normal Conditions) status. [As of August 4, the request to the Texas Commission on Environmental Quality \(TCEQ\) and Texas Historical Commission \(THC\) permits for the Gillespie County Landfill authorizing a temporary debris site and burn site is pending.](#)

Guadalupe County: Guadalupe County maintains Level IV (Normal Conditions) status. The County stands at four pSTAT entries, all related to damaged flood sensors. Nine iSTATs have been submitted in Guadalupe County.

Kendall County: Kendall County maintains Level IV (Normal Operations) status. The county continues to focus on cleanup and recovery management activities following recent flood impacts. Local debris management operations remain ongoing, including dumpster pickup services for residents as recovery efforts progress.

Kerr County: Kerr County remains at Level III (Increased Readiness). [As of August 4](#), discussions on debris management [continue to be](#) ongoing and a high priority. Discussions between the City of Ingram, City of Kerrville, Kerr County, and state personnel regarding solutions and assessments on wastewater systems are still ongoing and a high-priority item. Road and Bridge personnel [continue](#) gathering pictures and videos of damage to county right of ways, and local officials are working on solutions for vehicles found in waterways.

[Disaster Assistance Centers \(DACs\) remain operational in Kerr County to support disaster survivors. Annie's Helping Hands Foundation continues operating a DAC at the](#)

Center Point Area Historic Preservation Building. The Kerr Together Disaster Relief Center continues serving as the central hub for individuals and businesses impacted by the disaster.

Medina County: Medina County EOC maintains Level IV (Normal Operations) status. Maintaining community lifelines focused on life safety, evacuation support, sheltering, flood monitoring, and public information remain a priority.

DD 24 – Del Rio (Includes Dimmit, Edwards, La Salle, Kinney, Maverick, Real, Uvalde, Val Verde, and Zavala Counties): DDEOC 24 maintains Level IV (Normal Operations) status. DD 24 remains focused on recovery, damage assessments, resource coordination, and support to impacted local jurisdictions. Currently, DD 24 is still tracking three TXDOT road closures. Another three are damaged, but passable with caution.

Dimmit County: Dimmit County EOC maintains Level IV (Normal Operations) status. [As of August 4, county public works is using TCEQ guidance on flushing the well systems for safety.](#)

Kinney County: As of July 29, recovery activities for both individuals and public jurisdictions are ongoing. Kinney County continues to assess damages while encouraging individuals to submit damage reports. The Kinney County Library continues to serve as the central location for the public to receive assistance with submitting iSTAT information.

La Salle County: La Salle County EOC maintains Level IV (Normal Operations) status. PWRT will continue to monitor lift stations. Pumps are being bypassed to continue operation of lift stations.

Local churches have assumed responsibility for muck-out operations. The Commissioners have formally approved establishment of a Long-Term Recovery Committee, though additional outside guidance is expected to assist with committee development. The county has selected a temporary debris management site, which is pending TCEQ approval.

Real County: Real County maintains Level IV (Normal Operations) status. A bypass road was constructed near Hackberry Rd to access Camp Eagle, as well as one at River Rd to access Camp Wood Hills. Camp Wood is still clearing debris inside the city.

Uvalde County: Uvalde County EOC maintains Level IV (Normal Operations) status. [As of August 4](#), Farm to Market (FM) 481 remains closed, and Highway 55 is passable with caution. ISTF teams continue to support the city and county as they work on debris management plans. Public messaging efforts remain ongoing related to long-term recovery plans and debris management plans to keep residents informed. Damage assessments will continue as previously inaccessible areas become more accessible. One swift water boat team is still in the Concan area to assist local responders with calls for service.

[As of August 3, the DAC in Uvalde ceased operations on August 1; however, an alternate site remains available should a DAC or Disaster Recovery Center \(DRC\) be](#)

needed in the future. Catholic Charities continues supporting disaster case management activities and assessing long-term housing needs, while community partners continue evaluating additional housing assistance needs. All Hands and Hearts continue assessing housing needs and issuing Airbnb vouchers.

Zavala County: Zavala County maintains Level IV (Normal Operations) status. As of August 4, FM 1433 remains closed to traffic due to flood waters. Meals are still being served at the nutrition center in Batesville. [Zavala County inquiry on mosquito control assistance is pending.](#)

On August 3, the Commissioners Court met to discuss the future of the county's DACs, with plans to consolidate the Batesville and Crystal City locations. Both DACs will remain open on August 4 while consolidation planning continues. The county's debris management plan is also scheduled for presentation as recovery efforts continue.

Region 7 (Includes DDs 8, 9, and 10)

DD 10 – San Angelo (Includes Coke, Concho, Crockett, Irion, Kimble, Mason, McCulloch, Menard, Reagan, Schleicher, Sterling, Sutton, and Tom Green Counties): DDEOC 10 maintains a Level IV (Normal Conditions) status.

As of July 31, all known pSTAT and iSTAT assessments have been completed and entered into the STAT tool. Recovery staff continue to communicate with affected jurisdictions and have begun the Request for Information (RFI) process.

Long Term Recovery coordination will continue until all needs are met.

Region 8 (Includes DDs 11, 12, 13, and 23)

DD 13 – Bryan (Includes Brazos, Burleson, Grimes, Leon, Madison, Robertson, and Washington Counties)

Grimes County: Grimes County has met its disaster threshold for public assistance. Recovery Operations continue in Grimes County. The pSTAT has been completed in the county with estimated damage costs and supporting documentation for state assistance accompanying the assessments.

As of August 1, Region 8 continues to support other regions and have personnel deployed in support of this incident.

RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas Division of Emergency Management, Texas A&M University System (TDEM):

The State Operations Center (SOC) has activated to Level II (Escalated Response) in support of this severe weather incident. The SOC is directing interagency coordination

to maintain unified communication, deploy necessary resources, and support response operations in affected regions across Texas.

Communications Coordination Group (CCG):

TDEM ESF 2 / Communications Coordination Group (CCG) partners are monitoring the situation and continue to prepare resources to respond as necessary.

On July 31, AT&T's system optimization and enhancements have concluded in Kerr and La Salle Counties as the systems are operating at normal levels. CCG partners are continuing to review the areas in the forecasted flood paths to determine if critical infrastructure such as cell towers, communications centers, are in areas that could be cut off due to flood waters. As the water continues to move downstream, Amateur Radio groups such as Amateur Radio Emergency Service (ARES) and Radio Amateur Civil Emergency Service (RACES), are standing by to provide support in the affected areas if needed.

ESF-5 Incident Support Task Force (ISTF):

The Incident Support Task Force continues to monitor statewide situations to support regional needs. An availability poll was sent out to collect member availability, and ISTF members from around the state were deployed to the counties affected by the severe July weather. ISTF regional staff were rostered to manage membership strike teams.

As of August 3 - Availability:

- Membership Deployed: [11](#)

Assignments:

- EOC Support
- Survivor Assistance
- Damage Assessments
- Disaster Finance
- GIS Support
- Volunteer Management
- Community Recovery
- Donations Management

ISTF Field Support:

- Regional Coordinators: 1
- Demobilized
- Membership: [37](#)

- Regional Coordinators: 4

ESF-6 Mass Care ISTF:

TDEM Mass Care ISTF continues to monitor for the potential of mass care activities. There have been no requests for mass care coordination; however, partner agencies remain on standby and are prepared to provide support to Texas Communities.

As of [August 3](#) - Coordination of Mass Care Resources:

ARC Sheltering:

- Open: [2](#)
 - NCS – Hamilton Inn in Uvalde: Population: 4
 - George West High School in the city of George West.
 - [Closing August 4 at 12:00 pm](#)
- [A standby shelter in Uvalde County has been identified to support future housing needs for unlivable dwellings](#)

Feeding Standby: Feeding teams remain available and are evaluating future flooding needs.

- Southern Baptist Texas Convention
- Salvation Army

Community Disaster Support

- Zavala County:
 - DAC & VRC: Batesville: ISD, 245 FM 117, Batesville
 - [Hours: Monday-Saturday: 9:00 am - 7:00 pm](#)
 - DAC: Crystal City: ISD, 1210 Seventh Ave, Crystal City
 - [Hours: Monday-Saturday: 9:00 AM - 7:00 PM](#)
- Kerr County:
 - DAC: Center Point Area Historic Preservation Building, 301 RM 480, Center Point
 - [Hours: Monday - Friday, 9:00 am - 6:00 pm](#)
 - DAC: 98 Coronado Dr. N, Kerrville
 - [Hours: Monday - Friday, 9:00 am - 5:00 pm](#)

Texas A&M University Veterinary Medicine & Biomedical Sciences (TAMU-CVM):

As of July 18, the Texas A&M Veterinary Emergency Team (TAMU VET) Type 3 Veterinary Medical Support team repositioned from Kerrville to Raymondville High School. TAMU VET has 12 vet members and support equipment supporting search and rescue canines in the field. Canine teams are on standby for flooding issues as waters continue down the river basin, while most work is water rescue and not canine search. The team has answered two queries from different handlers about their canines-no requests for TAMU VET services.

Texas A&M Engineering Extension Service Texas Task Force 1 (TEEX/TX-TF1):

[As of August 3, the Water Squad \(WS\) Fort Worth was demobilized. The remaining resources continue their missions within areas of flooding concerns.](#)

Total contacts among Task Force resources include 54 rescues, 143 human/pet evacuations, and 17 shelter-in-place.

Texas A&M Engineering Extension Service – Public Works Team (TX-PWRT):

Texas A&M Engineering Extension Service (TEEX) / Texas A&M Public Works Response Team (TX-PWRT) continues to support and coordinate operations from the SOC. PWRT will continue to work with state partners to assess any water/wastewater, utility, or other public works needs.

As of August 3, TX-PWRT continues to support bypass pumping operations with one team of [four](#) in Cotulla. [The team met with the city on August 3 to set a timeline for repairs to the electrical system for one of the lift stations.](#)

Texas A&M Forest Service (TAMFS):

As of July 29, TAMFS and TIFMAS have one TIFMAS Strike Team (ST) in Live Oak County.

Texas A&M AgriLife Extension Service (AgriLife):

AgriLife has the Disaster Assessment and Recovery (DAR) unit monitoring the weather situation from the flooding in South and Southwest Texas. Weather information has been pushed out, and contact has been made with officials in affected counties.

County Extension Agents (CEA) and DAR Specialists are actively monitoring the weather situation and communicating with clientele to move livestock out of low-lying areas and to provide guidance on how to report AgSTAT damages.

As of [August 3](#), there were [175](#) entries from the State of Texas Assessment Tool portal from landowners with agricultural damages to fencing, crops, livestock, and equipment, and [66](#) of those are requesting assistance from the AgriLife Extension Service. County

Extension Agents in those affected counties will be notified to contact the requesting landowners to provide relief assistance.

As of August 3, the DAR Kennel/Pet Support Trailer continues to be in use in Live Oak County to provide companion animal support and animal sheltering. Agents are monitoring flooding conditions in Live Oak and Nueces Counties.

Texas Alcoholic Beverage Commission (TABC):

TABC has Enforcement Agents prepared to respond to areas affected by severe weather conditions. TABC has one liaison at the SOC and 35 Agents available.

Texas Commission on Environmental Quality (TCEQ):

TCEQ has placed emergency management staff and emergency response hazmat contractors on heightened readiness for possible deployment to assist with any air/water/waste related issues including drinking water/wastewater issues and/or emergency response activities.

As of August 4, TCEQ is tracking one drinking water system on a boil water notice (BWN). TCEQ has approved seven temporary debris management sites.

Texas Department of State Health Services (DSHS) (Texas Emergency Medical Task Force (EMTF)):

On July 26, DSHS State Medical Operations Center (SMOC) is at Increased Readiness and is actively monitoring and supporting severe weather operations. DSHS will continue active SOC LNO coverage beginning July 14. EMTF resources continued 911 system support, SOC and Regional EOC support, and force protection for search and rescue operations.

Texas Health and Human Services Commission (HHSC):

HHSC began staffing the SOC in support of emergency weather response operations on July 14. HHSC has activated its ice, water, and freight contracts to provide incident support.

Texas Parks and Wildlife Department (TPWD):

Texas Game Wardens have identified statewide resources that are ready to support response operations as needed due to the increased severe weather threat affecting Texas. These resources include swift water rescue boat teams, helicopters with hoist capabilities, and Unmanned Aircraft System (UAS) teams.

As of August 3, the TPWD UAS team continues to assist TEEX with reconnaissance in

the flooded areas of Live Oak County. The team will be conducting surveillance on the Nueces River to monitor crest progress.

TPWD has assisted in 154 rescue operations, 92 evacuations, and 27 shelter-in-place orders for this response.

Texas Military Department (TMD):

As of [August 3, 30](#) personnel, 11 vehicles, and two rotary wing aircraft remain activated.

TMD has assisted with 19 rescue operations and 62 evacuation operations totaling 305 persons assisted and 25 pets.

Texas Cyber Command (TXCC):

As of July 29, TXCC is monitoring the weather situation and is ready to support the state's response efforts. TXCC is using cybersecurity tooling and threat intelligence feeds. There are no cyber threats related to this event.

Texas Department of Agriculture (TDA):

As of July 30, TDA maintains the Hay and Feed Hotline, a service for donating or requesting hay and other livestock feed resources, at (877) 429-1998. TDA also offers the AgriStress Helpline, offering confidential, professional mental health support to anyone seeking assistance at any time, at (833) 897-2474.

Volunteer Organizations Active in Disasters (VOAD)

American Red Cross (ARC):

The ARC is conducting Accelerated Outreach at three DAC locations to connect disaster with survivors, identify unmet needs, provide recovery information, and assist with registration for potential Immediate financial assistance through in-person support and outreach teams.

The ARC has established a Level 2 Disaster Relief Operation (DR 546-27) for this response.

As of [August 3](#), ARC has two open shelters: in Live Oak County, George West High School; in Uvalde County, NCS Hampton Inn. [Live Oak County Emergency Management requested the ARC maintain the school shelter until August 4.](#)

[As of August 3, ARC Disaster Emergency Services \(DES\) and Emergency Response Vehicle \(E3\) resources remain staged locally to support any emerging needs. Several shelter responders are supporting Disaster Assessments and reconnaissance activities during the daytime. ARC leadership is participating in coordination meetings with](#)

Airbnb, community partners, and VOAD organizations to identify eligible households for housing assistance and to provide client care services, focusing on immediate financial assistance outreach for major damage destroyed residences. ARC completed 23 priority assessment referrals on August 3.

The Salvation Army:

In response to the major storm impacting Central and South Texas, The Salvation Army is supporting shelter feeding as requested across the area and evaluating conditions to begin service in affected areas as requested.

As of July 27, The Salvation Army has distributed a total of 18,705 meals, 18,326 drinks, and 12,245 snacks across Uvalde, Zavala and Kerr Counties.

Texans On Mission (TXM):

As of August 3, TXM continues to assess homeowner requests for flood recovery assistance. Kerrville has processed 180 requests with 10 remaining; Uvalde has processed 76 requests with two remaining. With two requests remaining, the Uvalde team expects to demobilize on August 5.

Southern Baptist Texas Convention (SBTC) Disaster Relief:

SBTC Disaster relief has responded to the flooding occurring in Southwest Texas. As of August 4, in Uvalde County, SBTC has prepared and served 15,801 meals, made 820 emotional and spiritual care contacts, provided 303 showers, completed 132 loads of laundry, and served 4,970 volunteer hours. In Dimmit County, SBTC has provided 280 emotional and spiritual contacts, provided 101 showers, completed 71 loads of laundry, and served 460 volunteer hours. In Sutton County, SBTC has provided 173 showers, completed 152 loads of laundry, made 25 emotional and spiritual care contacts, and served 350 volunteer hours.

FINAL COMMENTS: The State Operations Center (SOC) is at Level II (Escalated Response Conditions). The Texas Division of Emergency Management (TDEM) continues to monitor the situation and will provide additional situation reports as needed.

The four levels of SOC activation are:

- Level I (Emergency Conditions)
- Level II (Escalated Response Conditions)
- Level III (Increased Readiness Conditions)
- Level IV (Normal Conditions)

This Situation Report can be found on the TDEM webpage at:
