STATEWIDE CURRENT SITUATION: High wildfire danger continues across large portions of Texas. The state has experienced new wildfire starts on a daily basis over the past several days. Multiple wildfires remain active across the state and state emergency response resources remain engaged in support of local officials.

On September 16, Governor Abbott announced that the Federal Emergency Management Agency (FEMA) has approved a request from the State of Texas for a Fire Management Assistance Grant (FMAG) for the Hydra Fire in Bosque County, which has threatened homes and infrastructure and prompted local evacuations.

On September 3, Gov. Abbott surveyed damages from the Ross Fire that impacted Palo Pinto and Jack counties, served meals to first responders, and provided an update on the state's ongoing wildfire response.

On September 2, Gov. Abbott amended and renewed the disaster proclamation related to fire weather.

On August 25, Gov. Abbott announced that FEMA has approved a request from the State of Texas for an FMAG for the Ross Fire in Palo Pinto and Jack Counties. State and local response personnel are actively engaged in suppression, containment, and public safety operations.

The Texas State Emergency Operations Center remains activated at Level II (Escalated Response) status in support of 26-0001 Wildfire Season 2026.

On August 4, Gov. Abbott announced that he directed the Texas Division of Emergency Management (TDEM) to activate additional state wildfire response resources in anticipation of increased fire weather conditions in areas of the Texas Panhandle.

On August 3, Gov. Abbott amended and renewed the disaster proclamation related to fire weather.

According to the Texas A&M Forest Service (TAMFS), August is typically the peak month for wildfires due to hot, dry conditions. Across large regions of Texas, wildfire potential is expected to increase due to dry vegetation, with a heightened concern over the next several days in the Panhandle and North Texas areas.

On July 4, Gov. Abbott amended and renewed the disaster proclamation related to fire weather.

On June 7, Gov. Abbott amended and renewed the disaster proclamation related to fire weather.

On May 21, Gov. Abbott announced that he directed TDEM to request officials from the U.S. Small Business Administration (SBA) join state and local partners in conducting preliminary damage assessments in Panhandle communities affected by recent wildfire activity. These assessments will help determine if the state meets the thresholds for additional federal disaster assistance.

On May 19, Gov. Abbott announced that the FEMA has approved a request from the State of Texas for a FMAG for the Stinky Fire in Potter County, which has threatened homes, damaged property, impacted infrastructure, and prompted local evacuations in the Texas Panhandle.

On May 16, Gov. Abbott announced that FEMA has approved a request from the State of Texas for an FMAG for the Hunggate Fire in Randall County, which has threatened and damaged homes and infrastructure in the Texas Panhandle and forced local evacuations.

On May 8, Gov. Abbott issued a disaster proclamation related to fire weather conditions that began on August 10, 2025, as amended and renewed in subsequent proclamations, certifying that increased fire weather conditions pose an imminent threat of widespread or severe damage, injury, or loss of life or property.

On March 18, Gov. Abbott announced that FEMA has approved a request from the State of Texas for an FMAG for the Corner Pocket Fire in Donley County, which threatened and damaged homes and infrastructure in the Texas Panhandle and forced local evacuations.

On February 19, Gov. Abbott announced that FEMA has approved a request from the State of Texas for an FMAG for the 8 Ball Fire that started in Armstrong County and entered Donley County, which has threatened homes and infrastructure in the Panhandle area and has prompted local evacuations.

On February 17, Gov. Abbott directed TDEM to increase the readiness level of the Texas State Emergency Operations Center (SOC) to Level II (Escalated Response) ahead of critical wildfire danger anticipated across portions of the western half of Texas.

On February 15, Gov. Abbott announced that he directed TDEM to activate additional state wildfire response resources in anticipation of elevated-to-critical fire weather conditions in large areas of South, West, and Northwest Texas.

Operational priorities:

- Protect life and property.
- Support rapid & effective response.
- Collect and disseminate accurate incident information to improve decision-making.
- Accurately track incident costs associated with assigned resources for cost recovery.

RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas Division of Emergency Management, Texas A&M University System (TDEM):

The State Operations Center (SOC) remains activated to Level II (Escalated Response) status in support of this fire incident. The SOC is directing interagency coordination to maintain unified communication, deploy necessary resources, and support response operations in affected regions across Texas.

ESF-6 Mass Care (ISTF)

The Incident Support Task Force continues to monitor the potential for Mass Care needs throughout upcoming operational periods. The Mass Care team demobilized on

September 18 and will remain on standby, prepared to re-engage should additional community needs or requests arise.

Texas A&M Engineering Extension Service Public Works Response Team (TX/PWRT):

PWRT continues to support and coordinate operations from the SOC and are monitoring requests for service.

Texas A&M AgriLife Extension Service (AgriLife):

AgriLife is monitoring fire weather conditions and SOC response activity in person for coverage. Disaster Assessment and Recovery (DAR) Specialists and County Extension Strike Team members are on standby to support any efforts associated with animal response or other fire weather response efforts as requested.

Texas A&M Forest Service (TAMFS):

TAMFS has pre-positioned heavy equipment, engines, and aircraft across regions impacted by elevated fire weather conditions. The Emergency Operations Center (EOC) is activated. In total, TAMFS has 792 personnel, with 18 Texas Intrastate Fire Mutual Aid System (TIFMAS) Single Resource Engines/Tenders, 36 TIFMAS Strike Team Engines/Tenders, and a variety of aircraft, engines, dozers, and motor graders committed to additional fires around the state.

Texas Military Department (TMD):

Texas Military Department (TMD) will support Texas A&M Forest Service in suppressing wildland fires in Texas.

As of September 28, TMD activated one Rotary Wing Heavy Mission Ready Package (MRP) with crews.

Texas Parks and Wildlife Department (TPWD):

Texas Game Wardens have identified resources ready to support as needed in response to the increased wildfire threat affecting the State of Texas. TPWD is working closely with TDEM and other ESF partners through the SOC to ensure resources are available if needed.

As of September 25, TPWD currently has no resources deployed or supporting wildfire response efforts.

Texas Game Wardens and Park Police officers will continue to monitor the weather conditions and remain prepared to provide additional support as needed.

Texas Department of Transportation (TxDOT):

TxDOT works to maintain safe roadways for the traveling public during adverse conditions including wildfires. TxDOT is staffing the SOC and coordinating with TAMFS for ongoing Dynamic Messaging Signs (DMS) wildfire messaging. Up to date road conditions are available on drivete.xas.org.

Texas Department of State Health Services (DSHS):

As of September 25, EMTF resources remain assigned or prepositioned in support of TAMFS wildfire operations, providing force protection, evacuation support, and resource coordination. All resources have been demobilized from the Hydra Fire FMAG.

Texas Department of Agriculture (TDA):

The State of Texas Agriculture Relief (STAR) Fund has been activated to support farmers and ranchers affected by wildfires. Ranchers needing hay or feed can use TDA's Hay Hotline at (877) 429-1998. Mental health support is available through the AgriStress Helpline by professionals familiar with rural challenges at (833) 897-2474.

Texas Department of Information Resources (DIR):

Texas Department of Information Resources (DIR) is monitoring the situation using cybersecurity tooling and threat intelligence feeds. No cyber threats related to this weather event have been identified.

Texas Department of Public Safety (DPS):

As of September 17, all DPS resources have returned to regular duty status. DPS Aviation Operations has one Bell helicopter located in Austin that is ready to assist with fire suppression efforts.
