RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas Division of Emergency Management, Texas A&M University System (TDEM):

The State Operations Center (SOC) has activated to Level II (Escalated Response) in support of this severe weather incident. The SOC is directing interagency coordination to maintain unified communication, deploy necessary resources, and support response operations in affected regions across Texas.

Communications Coordination Group (CCG):

CCG and ESF 2 partners are coordinating with public, private sector, and federal partners in preparation for the forecasted heavy rain event. Partners are identifying and pre-staging communications resources, including Land Mobile Radio (LMR), cellular, satellite communications (SATCOM), amateur radio, and command-and-control capabilities, along with supporting personnel and equipment. The Commission on Statewide Emergency Communications (CSEC) is coordinating with Public Safety Answering Points (PSAPs) and 9-1-1 dispatch centers to identify potential gaps or additional needs.

ESF-5 Incident Support Task Force (ISTF):

The Incident Support Task Force is staffing the SOC and monitoring the incoming severe weather system and areas forecasted to be impacted for potential requests for state assistance. As of October 2, ISTF has identified 30 members available to deploy in support of the event.

ESF-6 Mass Care ISTF:

Monitoring continues for potential Mass Care activities throughout upcoming operational periods. No requests for Mass Care services or coordination have been received at this time. Partner agencies remain on standby and are prepared to support identified community needs. Mass Care resources are staged and ready to support transportation, accountability, and tracking operations as requested.

Texas A&M Engineering Extension Service Texas Task Force 1 (TEEX/TX-TF1):

As of October 5, the remaining resources are located in TDEM Regions 4, 5, and 6. They continue to monitor conditions and remain available to respond as needed. No requests for service have been received within the past 24 hours.

As of October 3, TX-TF1 remains in a state of readiness to support search and rescue missions associated with this incident.

Texas A&M Engineering Extension Service Texas Task Force 2 (TEEX/TX-TF2):

At the request of TDEM, TX-TF2 has also activated a Type 3 water-capable Urban Search and Rescue (US&R) Task Force.

As of October 3, TX-TF2 US&R remains mission ready.

Texas A&M Engineering Extension Service – Public Works Team (TX-PWRT):

TX-PWRT continues to support and coordinate operations and monitor for any request for assistance.

Texas A&M Forest Service (TAMFS):

The Texas A&M Forest Service has activated four Texas Intrastate Fire Mutual Aid System (TIFMAS) All Hazard Strike teams consisting of 42 personnel and 12 Engines in preparation for this severe weather event.

Texas Department of Public Safety (DPS)

DPS is monitoring storm impacts. Personnel and assets across the agency have been advised of the potential for severe weather and are ready to respond.

Texas Department of State Health Services (DSHS) (Texas Emergency Medical Task Force (EMTF)):

As of October 2, the Texas Emergency Medical Task Force (EMTF) has assigned and are adjusting pre-deployed personnel and [one](#) All Hazards (AH) Groups to align with updated severe weather locations. All DSHS Public Health Regions continue to actively monitor potential weather impacts in their regions and are ready to support DDEOCs across the state.

As of October 1, the DSHS Panhandle Regional Advisory County Regional Medical Operations Center (RMOC) has returned to Level IV (Normal Operations). The RMOC will monitor healthcare facility statuses, needs, and coordinate resources.

On September 27, the Department of State Health Services (DSHS) State Medical Operations Center (SMOC) activated to a Limited Activation in support of severe weather.

Texas Commission on Environmental Quality (TCEQ):

TCEQ has agency staff and emergency response hazmat contractors available to assist with air, water, and waste-related issues, including drinking water and wastewater concerns, as well as emergency response activities.

Texas Health and Human Services Commission (HHSC):

On September 29, HHSC began staffing the SOC in support of severe weather response operations. As of October 2, HHSC has been released from this event.

Texas Department of Transportation (TxDOT):

Crews will be patrolling roadways statewide throughout the week, monitoring flood-prone areas, and clearing drainage systems. Signs, message boards, and barricades are ready for deployment, if needed, to support road closures due to potential flooding. With incoming weather threats, motorists are encouraged to slow down and drive according to conditions. Messaging to the public includes reminders for motorists to check [DriveTexas.org](https://www.drive-texas.org) for the most current road and safety advisories. TxDOT is staffing the State Operations Center and closely monitoring all weather threats. Local crews statewide remain ready to respond and assist as needed.

Texas Parks and Wildlife Department (TPWD):

TPWD has prepared resources, including Texas Game Wardens and State Parks Police Officers equipped with swift water and shallow water boats, to support rescue operations in areas affected by severe weather. TPWD continues to coordinate with TDEM through the State Operations Center to ensure search and rescue (SAR) resources and first responders are available as needed. Personnel continue to monitor current weather conditions and maintain a state of readiness.

As of October 2, Post Oak State Park is closed to the public for public safety and remains day-use only. South Llano River State Park is open to the public. Water is impacting some areas of the park, which remain closed to the public. The Devils River State Natural Area Del Norte and Dan Hughes Units are closed due to limited access and flooding. Damage assessments will be completed once the park is accessible. Texas Game Wardens have returned to normal operations and will continue to monitor current weather conditions and support as needed.

Texas Military Department (TMD):

The Texas Military Department (TMD) activated and is supporting the State of Texas and state agency partners with the severe weather event.

As of October 2, TMD has activated one Ground Transportation Platoons (GTPs), one Rotary Wing Medium (RWH) MRP with TX-TF1 and has activated its Air Operations Center (AOC) LNOs. TMD has 38 personnel, 5 vehicles, and 3 rotary wing aircraft committed to this event.

Texas Cyber Command (TCC):

Texas Cyber Command is monitoring the situation and stands ready to support the state's response efforts. No cyber threats related to this event have been identified.

Volunteer Organizations Active in Disasters (VOAD)

American Red Cross (ARC):

ARC is preparing for potential response operations by pre-staging supplies outside of the projected impact zones and identifying volunteers available to support sheltering, feeding, and damage assessment missions.

As of October 2, The ARC remains on standby. Staffing readiness for shelter operations, logistics, and damage assessments is being coordinated across affected areas. Shelter trailers are stocked and ready for deployment. West Texas damage assessments begin following improved weather conditions.
