Disaster Districts Activated	None

STATEWIDE CURRENT SITUATION: On November 5, Joint Preliminary Damage Assessments were conducted by the Small Business Administration (SBA), local officials, and TDEM personnel.

Severe storms, including heavy rainfall, damaging wind, large hail, flash flooding, and possible tornadoes, posed a threat across large portions of West, North, Central, and East Texas over several days beginning in late October.

On October 29, Governor Greg Abbott issued a disaster proclamation for El Paso County in response to severe storms that began on October 23, 2026, and urged impacted Texans to report damage using TDEM's Individual State of Texas Assessment Tool (iSTAT): damage.tdem.texas.gov.

On October 28, Governor Greg Abbott directed the TDEM to activate state emergency response resources ahead of heavy rainfall and potential flash flooding expected to impact portions of West and South-Central Texas.

OPERATIONAL PRIORITIES:

- Protect life and property.
- Support rapid and effective responses.
- Collect and disseminate accurate incident information to improve decision-making.
- Accurately track incident costs associated with assigned resources for cost recovery.
