Texas A&M AgriLife Extension Service (AgriLife): Texas A&M AgriLife Extension is leading an education effort to help with understand the CARES Act. AgriLife Extension will serve as an information conduit to ensure everyone who is eligible understands how to apply for federal relief funding. This educational initiative will focus on the following areas of relief: Treasury, Small Business, Homeland Security, Justice/Police, HUD, HHS, Health, Labor/Arts, Education, Agriculture, Food Programs, and Rural Development. The first training is available at AgriLife Learn (<https://agrilifelearn.tamu.edu/product?catalog=TAEX-001>).

Article about COVID-19 relief for Ag Producers <https://agrilifetoday.tamu.edu/2020/04/21/covid-19-relief-for-farmers-ranchers/>. In the article, a briefing paper is referenced that has been developed by the Agricultural and Food Policy Center at Texas A&M University.

Thirteen disaster strike teams of Extension Agents have been activated to assist at the Panhandle, Coastal Bend, Border, CATRAC, SETRAC, STRAC, Piney Woods and NCTTRAC RACs. Teams are collaborating with TEEX and the military to support distribution.

Pony Express Team members made the following deliveries/retrievals yesterday:

- 601 bundles or pallets prepared at Armories
- 13 PPE deliveries to Skilled Nursing Facilities
- 2 Deliveries of equipment
- 18 Pick-ups or deliveries of test specimen kits
- 5 Deliveries of tests to MTT or QRF sites
- 5 Coolers picked-up from Labs
- 5 Coolers transported to Armory or TDEM Warehouse
- 5 Pallets moved from Armory to RAC or HPP

Four DAR agents received specimens at armories/airports from four QRF collection sites after closing and transferred them to airports or reefer trucks to be taken to Austin for distribution to laboratories. Curative samples were delivered to Fed Ex by testing teams. Nine DAR agents are

coordinating with test sites to ensure deliveries of kits to the Courier. One agent delivered samples to DSHS laboratory.

Brazos County Extension Agents assisted the Brazos County Food Bank with delivery of 8 Q-kits to quarantined COVID-19 patients on July 9. Recipients are COVID-19 positive and must remain in their home, making them unable to get out and purchase groceries. The Brazos Valley Food Bank provided the kits which consisted of 5 boxes of dry goods, and various fruits and vegetables.

Texas A&M Engineering Extension Service (TEEX): TEEX continues to coordinate operations from the SOC and the 8 IST Resource Staging Areas (RSA) throughout Texas in 10 distribution locations. TEEX currently has 53 personnel deployed to support ongoing response activities throughout the state in support of the COVID-19 response.

Current support includes:

- One (1) person to the Remote State Operations Center (RSOC) in Austin to serve as a liaison TDEM SOC Operation Section and coordinate TEEX activities at RSAs (Armories).
- Two (2) personnel of TEEX senior leadership to augment State Operations Center and allow rotation time for TDEM senior leadership.
- Eight (8) IST is ranging from 3 to 8 staff per location based on current workloads.
- Located RSA (Armory) within the Regional Advisory Councils (RAC) areas to support the Department of State Health Services (DHS)/ESF-8 distribution of medical commodities to local organizations.

Texas A&M Forest Service (TFS): TFS currently has 77 personnel committed to COVID-19 Response and is providing planning and logistical support to the Texas Division of Emergency Management and Texas Department of State Health Services. Response activities include Situation Reports, STAR Processing, logistical support for shipping and receiving medical supplies, incident management support, and contact tracing.

Texas Animal Health Commission (TAHC): The TAHC is activated to support the state response to the outbreak of COVID-19. While official guidance maintains that animals are of very low risk for contraction or transmission of COVID-19, the TAHC is working closely with animal response partners to manage consistent public information messaging for how to deal with animals in context of potential COVID-19 exposure. TAHC has activated virtually to the SOC.

There is some evidence that certain companion animals, such as cats or ferrets, may be susceptible to contracting COVID-19 from close contact with high-risk humans. No evidence supports possibly infected companion animals spreading the virus to humans at this time. Testing is conducted by TVMDL in College Station, Texas on joint approval by TAHC and DSHS.

On July 2 a dog was approved for and tested for SARS-CoV-2, which resulted in a positive test on July 8. The animal was tested for SARS-CoV-2 as a precaution following its owners testing positive for COVID-19. The animal is being cared for by local veterinarians and is healthy at this time.

Texas Department of Licensing and Regulation (TDLR):

- TDLR continues to update their website's COVID-19 page (<https://www.tdlr.texas.gov/covid19.htm>) with the latest developments affecting their licensees and the public.
- TDLR extended their agency's current work from home initiative through July 31, 2020. Division directors have begun developing plans for some employees (up to 25% of the workforce) to return to the office. As plans are finalized, some divisions may be allowed to have some employees return to the office earlier.
- TDLR reminds their licensees, particularly those in the medical and health professions that they must continue to observe sanitary requirements. Anyone seeking guidance about whether to continue providing services should contact their local health departments or county judges, who are authorized to make that decision.
- TDLR has paused all combative sports events in Texas until further notice. We will continue to evaluate the situation in Texas regarding COVID-19 infection rates, but there is no set date at this time for the return of combative sports events in the state. This decision is based on ensuring that protecting the health and safety of all Texans, the combative sports community, general public, ringside officials, combatants and TDLR staff is the agency's top priority.
