RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas Division of Emergency Management, Texas A&M University System (TDEM):

The State of Texas State Operations Center (SOC) remains at Readiness Level II Escalated Response Conditions. The Daily Operations staff continues to process disaster declarations, letters to the Governor, Disaster Summary Outlines, State of Texas Assistance Requests (STARs), as well as disseminating severe weather messages, preparing Snapshots and the State SITREP. The State Management Team (SMT) continues conducting operations in the alternate State Operations Center, working together with activated members of the State’s Emergency Management Council. TDEM District Coordinators are working closely with their local emergency management partners to assist with any unmet needs and resources.

TDEM Communications Coordination Group (CCG): The CCG has alerted public, private and volunteer sector partners to be on alert for possible communications response due the tropical systems threatening the State.

Amateur Radio: [State level Amateur radio operations have demobilized. Local groups continue to support regional response and recovery efforts as required.](#)

AT&T / FIRSTNET: Continues to monitor the situation and how the impacts beyond Texas and Louisiana could affect those customers. They are also working with other industry providers to assist non-FIRSTNET / AT&T customers. There are currently no major outages affecting Texas.

Charter Communications: Charter Communications is experiencing service outages in Jefferson and Orange counties. Outages are primarily a result of power outages and cut fiber lines. Charter is coordinating with the electric utilities regarding power restoration and repair operations.

DHS Cybersecurity & Infrastructure Security Agency (CISA): CISA reported the FCC's Disaster Information Reporting System (DIRS), shows over 99% of Cellular systems in Texas were online. The cellular providers maintained above 99% online status over the twenty-hour period before and after landfall.

Commission on State Emergency Communications (CSEC): CSEC staff received an update on South East Texas 9-1-1 program. [Currently no reported outages of PSAP / 9-1-1 services.](#)

FEMA Region 6: Continues to conduct multiple coordination conference calls with federal, state and private sector partners to assess state's needs and federal and private sector telecommunications response. FEMA, in conjunction with the Federal Communications Commission (FCC), has provided pre-landfall and post-landfall assessments of the radio frequency (RF) spectrum, to help determine the impact of the storm on cellular, radio, TV, infrastructure.

Multiple Federal, State and Private Sector Agencies: [State assets have been demobilized.](#) [Federal and private sector assets continue to support operations in Louisiana.](#)

Sprint/T-Mobile/Verizon: [Cellular providers continue to complete any repairs to local networks.](#) [State level support operations have ceased.](#) [Assets continue to support recovery operations in neighboring States as required.](#)

TDEM Disaster Recovery Task Force (DRTF): The DRTF continues engaging with local jurisdictions, providing financial guidance and discussing sheltering and post landfall operations. Conducting local outreach:

- Orange County –
 - Provided situational awareness to Cost team
 - Assessed POD activity (Orange Boat Ramp, Mauriceville, and Vidor)
 - Assisted in establishing feeding sites for Orange County citizens
 - Orange County is not currently operating shelters, congregate or non-congregate.
 - Assisted in the development of public messaging for aid to disaster survivors
 - Engaged with POD logistics, national guard and planning
 - Assets in county August 31:
 - Team Rubicon clean up teams
 - Texas Baptist Men clean-up and saw teams
 - COST damage assessments
 - DRTF Community UC and DRTF RDFC Reg2
- Jasper County –
 - Damage Assessment underway for PA and IA – Self reporting ID already reporting

- Salvation Army supporting feeding operations
- All Pods (4) are operational for one day
- The Tri-county EOC continues daily coordination activities
- Power restoration continues with a limited impact area still without power
- PA damage reports are limited on major infrastructure losses
- Assets in county August 31:
 - DRTF SC
 - COST damage assessments
- Newton County –
 - PWERT teams arrived for mission assignments and staging. Teams were delayed deployment due to local weather activity and equipment failure during deployment travel
 - PWERT tasking to support local water/sewer providers for full system restoration. Additional tasking to collect PA damage assessments at each worksite
 - Seven water systems are still unserviceable with reported unpredictable failures
 - Power restoration is still limited to a small portion of the community. Civic center still operating on backup generators. Multiple water systems and a sewer system are still compromised in remote area of the county. The travel distance of the county is limiting situational awareness of these remote systems. Relying on outside resources to provide data.
 - COST Team providing EOC support, mission includes logistical tracking of all assets provided to the county, situational awareness of public utilities, situational awareness of POD units, production of IAP, and management of ESF
 - Assets in county August 31:
 - DRTF UC, DRTF RC4
 - COST damage assessments
- Sabine County –
 - Aided in the establishment of data collection through state led platforms
 - Assisted in the establishment of a public messaging campaign for disaster survivor services
 - Provided for situational awareness regarding POD locations
 - Provided training and assisted in the establishment of local WebEOC connectivity
 - Aided in debris management planning and resource requests
 - Identified the future need to help establish a long-term recovery group in Sabine County
 - Assets in county August 31:
 - DRTF RC2, DRTF RC6
- Damage Assessments
 - Rapid Damage Assessment
 - Redistributing the PA and IA field survey directly to the EMCs in affected jurisdictions as many advised they never received the original distribution
 - Organizing RDA Teams for Jasper, Newton, and Sabine
- Self-Reported Damage Assessments
 - Redistributing the Self-Reporting Damage Survey to affected jurisdictions with information on the benefits for both Disaster Survivors and local government.

Activated Staff and Members:

- DRTF – Section Chief, Infrastructure Unit Chief, Community Unit Chief, VAL, DRTF RC 2, DRTF RC 4, DRTF 6, RDFC 2

- PWERT: Six teams of five individuals specializing in water, sewer, storm sewer, debris removal, and general labor. Providing various sizes of hoses, portable generators, and water pumps.
- Emergency Management Support: Two teams of four individuals specializing in EOC support, damage assessment, debris management, and general labor.

TDEM Mass Care: With the use of Non-Congregate sheltering, most jurisdictions are locating single sites to send evacuees that need COVID-19 isolation and quarantine with the proper support personnel. They are not being tested. With congregate sheltering, areas are set aside away from other general population evacuees.

Texas A&M AgriLife Extension Service: [Six AgriLife Agents have been requested to assist with Damage Assessments beginning September 1 in Orange, Newton, Sabine and Jasper Counties. Extension is working to fulfill this request.](#)

[The Walker County small animal shelter closed on Sunday evening, 8/30/20.](#) Brazos County still has their large animal shelter open, but numbers are declining each day.

Extension personnel are in contact with agency partners, stakeholders and NGO partners to determine capabilities and respond to post-storm issues. Extension is monitoring status of evacuation hubs for people and animals with the Texas Animal Health Commission.

Texas A&M Forest Service (TFS): TFS currently has [86](#) personnel assigned and numerous resources rostered to assist with needs relating to August Tropical Weather response. TFS is currently providing planning and logistical support, and other functional areas as needed, to TDEM and local entities. Response activities include Situation Reports, STAR processing, logistical support for shipping and receiving medical and sheltering supplies, and incident management support.

Public Utilities Commission of Texas (PUC): Continues to monitor the restoration of infrastructure and the power outages caused by Hurricane Laura.

Texas Animal Health Commission (TAHC): [The TAHC is virtually activated to the SOC and continues to monitor the evolving sheltering situation and participate in recovery calls. The AROCC and TAHC field staff have demobilized and returned to on-call status for support of local jurisdictions as necessary. The TAHC continues to field calls related to animal volunteer management and shelter needs, but has not needed to deploy resources to respond at this time. The SOC Representative is virtually monitoring the situation, calls, WebEOC, and creating shelter and situational reports.](#)

Texas Commission on Environmental Quality (TCEQ):

Drinking Water Systems: [Drinking Water System Assessment data pulled from the Natural Disaster Operations Workgroup \(NDOW\) Response Manager Database as of 2:00 PM Sunday, August 30, 2020.](#)

Phone assessments are being conducted for 171 drinking water systems in seven counties including: Hardin, Jasper, Jefferson, Newton, Orange, Sabine and San Augustine.

- [Assessments have been completed for 147 systems.](#)

- Of the 147 systems assessed, 112 are operational (42 are operational on generators) and 35 are non-operational.
- 32 systems are under a Boil Water Notice.

Wastewater Facilities: Wastewater Facility Assessment data pulled from the NDOW Response Manager Database as of 2:00 PM [Sunday, August 30, 2020](#).

Phone assessments are being conducted for 58 wastewater systems in seven counties including: Hardin, Jasper, Jefferson, Newton, Orange, Sabine and San Augustine.

- Assessments have been completed for 57 systems.
- Of the 57 systems assessed, 48 are operational (18 with no issues, 30 are operational on generators), 5 are partially operating, and 4 are non-operational.

TCEQ's mobile air monitoring survey van continued to conduct additional surveys in fence line communities in Beaumont and Port Arthur. TCEQ staff are conducting air monitoring surveys using hand-held monitors in the Port Arthur [and Port Neches](#) areas.

At TCEQ's request, the EPA TAGA bus was conducting air monitoring in the Orange County area. More information can be found on the U.S. Environmental Protection Agency's (EPA) – Hurricane Laura webpage: (https://response.epa.gov/site/site_profile.aspx?site_id=14896)

The Texas 6th Civil Support Team (CST) continue to assist by conducting air monitoring in the Orange County area and the Port Arthur area for chlorine due to the concerns related to the fire in Lake Charles, Louisiana which involved a release of chlorine gas. There will be two teams conducting night monitoring.

Ambient Monitoring Stations in the Beaumont-Port Arthur-Orange area have been assessed for damage and those with power were brought back online. Five stations (two in Beaumont-Port Arthur and three in Orange) are without power. All TCEQ monitoring stations in Houston are now back online.

One Temporary Debris Management Site (TDMS) in Newton County has been authorized.

Staff are available to provide guidance on debris management and available to review and authorize temporary debris management sites, as needed.

FINAL COMMENTS: The State Operations Center (SOC) remains at Level II (Escalated Response Conditions). The Texas Division of Emergency Management (TDEM) continues to monitor the situation and will provide additional situation reports as needed.

The four levels of SOC activation are:

- Level I (Emergency Conditions)
- Level II (Escalated Response Conditions)
- Level III (Increased Readiness Conditions)
- Level IV (Normal Conditions)

This Situation Report can be found on the TDEM webpage at:
