On March 30, Governor Abbott announced that the Texas Division of Emergency (TDEM), the Texas Department of State Health Services (DSHS), and the Texas Military Department (TMD) have announced 35 counties participating in the fifth week of the Save Our Seniors COVID-19 vaccine initiative. The Governor announced the Save Our Seniors program in Corpus Christi last month to provide vaccines to seniors throughout

the state. To date, 98 counties have participated in the program.

As part of the Save Our Seniors program, TDEM and TMD work alongside local jurisdictions to set up a central drive-through vaccine clinics in each community or administer directly to homebound seniors — these decisions are driven by local officials as they identify vulnerable residents in their communities to participate in this program.

Counties participating in the fifth round of the program are Bastrop, Brewster, Brown, Caldwell, Cameron, Cass, Cherokee, Cottle, Dallas, Gray, Hill, Hopkins, Hutchinson, Hudspeth, Irion, Lee, Liberty, Limestone, McCulloch, Morris, Orange, Panola, Rains, Reagan, Robertson, Rusk, San Jacinto, Shelby, Starr, Val Verde, Walker, Waller, Webb, Wichita, and Willacy. Many of these counties are participating for a second time in order to administer second doses to eligible residents.

In coordination with local and state partners, counties and cities have been selected based on recent data provided from DSHS related to the following factors:

- The state looked at the number of approved providers serving the area.
- The state took into account total allocations over the previous 12 weeks.
- The state utilized data showing the least vaccinated counties for both 65+ and 75+ administered doses.
- The state focused on allocating vaccine equitably across the state.

On March 30, Governor Abbott and TDEM announced the creation of a COVID-19 Rapid Testing Program for Texas youth summer camps. This program will help summer camps that are licensed by DSHS to conduct rapid tests of staff and campers during the summer months. Through this program, TDEM will provide participating summer camps with COVID-19 rapid antigen tests that will be administered to staff and campers who volunteer to participate.

Youth summer camps that are licensed by DSHS and wish to participate in the program can apply [here](#).

On March 26, Governor Abbott and TDEM have requested an extension of the Federally Supported Community Vaccination Centers in Arlington, Dallas, and Houston. Originally launched in February, these federal pilot sites are based at E Sports Stadium, Fair Park, and NRG Stadium, and are part of a joint effort to support vaccination efforts in underserved areas. The sites are operated by FEMA in partnership with the state of Texas through TDEM and local officials.

TDEM submitted the request on March 22 for an extension of supplies, personnel, and vaccine. A request was also made on March 19 to establish a similar community vaccination site at the Alamodome in San Antonio. FEMA denied this request.

On March 26, Governor Abbott announced that ten million COVID-19 vaccines have been administered to Texans across the state, with over 30% of eligible Texans having received a vaccine. This significant milestone is a result of dedicated work by TDEM,

DSHS, TMD, and the healthcare workers and volunteers across the state who have helped administer these vaccines.

Earlier this week, DSHS announced that COVID-19 vaccinations will be open to all Texans beginning March 29. Additionally, DSHS has directed vaccine providers to prioritize people 80 years old or older when scheduling appointments and accommodate anyone in that age group who presents for vaccination, whether or not they have an appointment, by immediately moving them to the front of the line.
